KCGOP Chair on the March for Life

BELLEVUE— King County Republican Party Chair, Cynthia Cole, had this to say about the March for Life,

“I am inspired as I bear witness to all those taking part in the March for Life in Washington, D.C. This activism needs to be seen by people across the Nation, but more importantly, by people within King County.”

“I stand by the supporters of life who, today and every day, lift up the smallest of our citizens,” she stated.
